We have a number of sidewalks on "our list." I'm trying to wait until the City gets the new Sidewalk Repair incentives in place before we go out and do the work so we can enjoy some City financial support. That should be by the end of Summer, I hope. On the other hand, if you all want to move more quickly on any or all sidewalk repairs, let me know.

I'm sorry, I don't recognize "TPSS"? Address?

Hi Don,

Karen was at TPSS today and she noticed a dangerous, lifted sidewalk. Please advise if that is already on your scope of work contracted or if we could add it to the list.

Thank you.
